A “Don’t Miss” SASI Presentation

The Educational Technology Conference will feature a breakout sessions that will be of interest all SASI users and other SIS users as well.

Representatives from Pearson Digital Learning will talk about their plans for SASI, Power-School and Chancery;

migration strategies and loyalty incentives. It will be a roundtable format and plenty time to answer your questions. We plan to offer an morning and afternoon session.

In order to give you complete answers to your questions it will be

very helpful if you can send me your questions ahead of time. Please send me your question between now and mid-November.

You can register for the conference at:

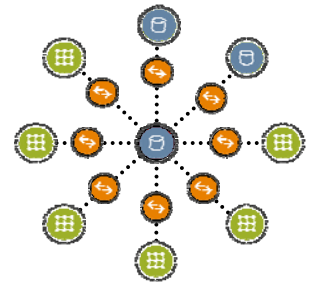

<http://www.doe.virginia.gov/VDOE/Technology/OET/conf.shtml>

SIF Software Streamliner

Whoa!

Check out this site for some excellent information about SIF. It's a link under eSchool News.

<http://www.eschoolnews.com/resources/reports/sif/index.cfm>

47 and Counting

Forty-seven divisions have taken advantage of DOE's no software/SIF agent costs vertical implementation.

STIs are now downloaded into their student information system automatically!

About a half-dozen have expanded their implementation to include other Central Office applications like their library, transportation and cafeteria systems.

Please contact me & I'll get you hooked up or answer any questions. Call me @:

Student Locator (SLF) Agent Expansion

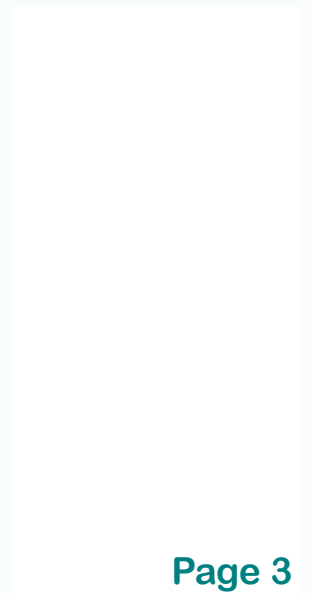

The EIMS agent is being expanded to move more data that will aid in the Needs Resolution process and Transfer report. The changes are planned for release in November.

The SLF will include:

- Active Status Flag
- Responsible division
- Responsible school
- Serving division
- Serving school
- Entry code
- Entry date
- Exit / withdrawal

code

- Exit / withdrawal date
